ACCREDITED TEXAS-BRED RULES

ACCREDITED TEXAS-BRED RACING STOCK

Accredited Texas-bred racing stock is any horse registered with the American Quarter Horse Association, accredited with the Texas Quarter Horse Association, foaled in Texas and out of an accredited Texas broodmare which is permanently domiciled in Texas.

All foals of an ATB broodmare are eligible to be accredited as ATB horses provided the mare is bred to an ATB stallion at least every other breeding.

If the first foal of an ATB broodmare is by a non-accredited stallion, the next foal must meet all eligibility requirements for Texas accreditation and must be by an ATB stallion. If an ATB mare is bred consecutively to non ATB stallions only one of those foals may be eligible for accreditation. Regarding these foals, the first ATB application submitted to TQHA may be accredited. If the first application received is ruled ineligible for accreditation, the next application received may be accredited.

If a foal is conceived by an ATB stallion that loses his accreditation during the breeding season, the foal is still eligible to become Texas accredited if all requirements are met. However, the stallion owner awards shall be forfeited for foals resulting from that breeding season.

For complete rules contact TQHA at www.tqha.com or 1-800-945-6157
